About Al-Faris IT Solutions

Al-Faris IT was formed in July 2002, for providing quality advanced infrastructure and security services to its valued customers. By road mapping technology, Al-Faris IT was able to match its customer's business objectives and ensure that the Customers's organization is Agile, secured and able to adapt to changing business requirements. To this end, Al-Faris IT partnered with national leaders in technology. Al-Faris IT works closely with customers through IT staff, ensuring that all of their IT service demands are met. To meet the growing demand for ERP solutions in the region, Al-FarisIT has moved to establish partnerships with Global leaders.

Customers and partners are assured that the understanding of the needs of the parties, working ethics, talent and innovative approach to enterprise wide IT solutions will remain our enduring hallmark. www.alfaris-it.com Tel: 00 966 1 476 0068 email sales@alfaris-it.com
